

Dear Valued Customer:

Your cardholder data is secured in accordance with the Payment Card Industry Data Security Standard (PCI DSS).

Our location utilizes Element Payment Services as our merchant services provider. As a Level 1 PCI DSS compliant processing company, Element offers the highest level of protection from cardholder data compromises.

Have confidence knowing that your cardholder information is protected by secure technology. Verify Element's directory listing as a PCI DSS compliant processor [here](#).

Visit [Element's website](#) to learn more about secure payment processing.
